APRIL ASHLEY FOR CROYDON CENTRAL

Trade Unionist &
Socialist Coalition

"I'm assistant branch secretary for Southwark UNISON, the local government union. I'm also on UNISON's National Committee, representing black workers in the union.

I've been a trade unionist over 20 years. I've organised local campaigns against job cuts, attacks on terms and conditions, and national campaigns on pensions and pay.

I fight racism and Islamophobia; against the UKIP millionaires who scapegoat immigrants and blame them for the economic recession and austerity, whilst attacking trade union rights and public services.

I support community campaigns against cuts to local services; against the bedroom tax, benefit cuts and sanctions. I support the London housing crisis campaign - for mass council house building and strict rent controls for all tenancies."

- Blame the fat cats; not immigrants
- No More Austerity
- For good Jobs and decent Public Services
- Get the profiteers out of the NHS
- Renationalise Rail & the Utilities

All the main parties call for cuts in public services, austerity, and privatisations, and unfortunately that includes "New Labour".

BANKER'S GREED

OR

PEOPLE'S NEEDS

Cut Bonuses

Not Benefits

These parties (and millionaire-funded UKIP!) are pro big business & pro finance! Their policies give succour to the very richest.

But for workers and their families, they offer nothing but a bleak and insecure future!

TUSC is the only nationwide party for all working people - built by trade unionists, socialists, & community campaigners. We are aiming to stand 100 candidates for Parliament in May.

VOTE TUSC!
